Majority Leader Reid and Minority Leader McConnell:

We write representing a broad spectrum of interests to express our support of S.1392, the Energy Savings and Industrial Competitiveness Act, introduced by Senators Shaheen (D-NH) and Portman (R-OH). This bill reflects a bi-partisan, consensus agreement on a set of energy policies that will benefit the economy, advance energy security, and improve the quality of the environment. All agree that expanding energy efficiency is in the national interest and this legislation would increase energy efficiency opportunities for businesses, consumers, and the federal government.

S. 1392 is built on a consensus principle and the broad support it has received is the product of that principle. It is our hope that the Senate will proceed with full consideration of this bill in a manner that gives it the best opportunity to move forward in the legislative process.

Thank you for your consideration and we look forward to continuing to work with you and the Senate to support federal energy efficiency policies that benefit all Americans.

Sincerely,
