

State COVID-Operation Snapshot for Colorado

Statewide Mask Order: Yes.

Gov. Jared Polis' order requires Coloradans over the age of 10 to wear face coverings in indoor public spaces. It took effect July 17 and will be in force for at least 30 days. Counties may be able to opt out if they meet state benchmarks for declining caseloads and several other public health criteria.

Statewide Travel Restrictions: No.

Current Executive Order Status: Level 2: Safer at Home and in the Vast, Great Outdoor

Colorado is currently operating under a phased reopening plan that starts on May 1 and lasts until June 1.

Gov. Polis's *Safer at Home* plan lifts some restrictions on businesses in the state, allowing critical businesses to continue operations with social distancing and mitigation policies. See Guidance for Public Health link below for more details.

Colorado's previous stay at home order, which Gov. Polis imposed on March 25, listed a variety of manufacturing sectors as essential but did not incorporate CISA guidance directly.
