

State COVID-Operation Snapshot for Maryland

On July 29, Governor Hogan expanded the statewide masking order to require all Marylanders over the age of five to wear face coverings in public spaces of all businesses across the state. Face coverings are also required in outdoor public areas where it is not possible to maintain physical distancing.

Governor Hogan also issued a public health advisory for out-of-state travel. The advisory strongly advises against traveling to states with positivity rates of 10% or higher. Anyone traveling from these states should get tested and self-quarantine while awaiting results. This advisory applies to personal, family, or business travel of any kind.
