

State COVID-Operation Snapshot for Montana

Montana is currently operating under a phased reopening, with its stay at home order having expired on April 27.

On April 22, Governor Bullock released a health directive which provided guidance for phase one of the reopening of Montana, which included lifting the Stay at Home directive and reopening non-essential businesses.

From March 26 through April 26, Montana had operated under a stay at home order with exemptions for essential businesses including manufacturing.
